FOOD RULES ANNOUNCED FOR DEC. 10

ALL BAKERS AND FOOD PRODUCERS TO BE UNDER STRINGENT REGULATIONS.

(By Associated Press.) WASHINGTON, Nov. 13.—The food administration announced today the rules and regulations governing the licenses for manufacturing bakery products. All using more than ten barrels of flour or meal monthly will be required to obtain a license by December 10. Licenses will be required of hotels, clubs and other eating places making their own products if they use in excess of ten barrels.

A \$5,000 fine and two years' imprisonment is the penalty for operating unlicensed. The licenses are required to keep production moving to consumers without unreasonable delay. Resales within the same trade, if tending to result in higher prices, will be "dealt with as unfair practice."

The law prohibits the "monopolization of commodities, destruction, waste of willful deterioration of products, acceptance of returns of bread or other products, making cash payments or credits to a retailer for unsold bread or for products, or the exchange of any of them for other bread or products for which a license is sold."

Sixteen-ounce loaves must weigh over seventeen ounces, and 24-ounce loaves must net over twenty-five and one-half, unwrapped, twelve hours after baking. Rolls must weigh from one to three ounces.

CHINESE THINK PACT IS UNFAIR

THERE WILL BE NO EXTENDED DIPLOMATIC EXCHANGES ON THE PROTEST.

(By Associated Press.) WASHINGTON, Nov. 13.—The United States and Japan are expected to reply to formal protests from China against the agreement between the two nations with an official disclaimer of any sinister design on China. It is understood that China views the policy of special interest of another country based on propinquity as unjust and dangerous.

(By Associated Press.) WASHINGTON, Nov. 13.—It is probable that while the state department and the Japanese foreign office will respond at an early date with explanations and declarations of the absence of any sinister design upon China, there will be no extended diplomacy exchanged on the subject of the protests.

Behind the Chinese objection to the manner in which the American-Japanese understanding was negotiated is the view that it is an unjust and dangerous theory that any nation has a right to assert a claim to special interests in another country without the latter's consent.

Secretary Lansing, in his statement announcing the agreement, by which Japan's special interest in China is recognized and both countries reaffirm the "open door" policy and pledge the independence and territorial integrity of China, made it clear that the United States always has recognized and has asserted itself special interests in another country based upon propinquity. The Chinese government, however, is understood to be willing to subscribe to such a doctrine.

(By Associated Press.) CINCINNATI, Ohio, Nov. 13.—With every county in Ohio having reported officially, prohibition in Ohio has been defeated by a majority of 1,725 on the face of the returns. The total vote stands: For prohibition, 522,439; against prohibition, 524,152.

THANKSGIVING FARE ARRIVES AT CAMPS

(By Associated Press.) WITH AMERICAN ARMY IN FRANCE, Nov. 12.—(Monday)—So much shrapnel has fallen since the battalions of the second American contingent entered the trenches that the men have ceased to worry about it and are hardly paying more attention to it than to rain. The battalion commander said mumps has sent more men to the hospital than the enemy's fire. The firing for several nights has been more intense than usual. One shell fell on a machine gun ammunition depot and exploded thirty boxes. Bullets flew in all directions. The men hugged the ground and none was hurt.

ITALIAN CITIES ARE WRECKED

FORCE NATIVES TO ILLUMINATE WHOLE TOWN AS MARK OF REJOICING.

(By Associated Press.) ITALIAN HEADQUARTERS, Nov. 13.—Information from the territory occupied by the Austro-Germans is to the effect that Cividade, Gradisca and Palmanova have been virtually destroyed by bombardment and fire. When the Austrians occupied Gorizia they ordered the whole town illuminated as a sign of rejoicing, which had to be done on pain of death. The black and yellow flag again waves in the place of Italy's tricolor over the castle of Gorizia.

Monfalcone, also in the hands of the Austrians, is again in full swing of activity. At the navy yard there the Austrians have taken possession of an uncompleted warship which had been left there by them when they withdrew. This the Italians had transformed into an observatory, from which King Victor Emmanuel often gazed at the coast stretching towards the Istrian peninsula and the longed-for city of Trieste.

GUARD BODY OF HAWAII'S QUEEN

WILL CONTEST LOOMS OVER HUGE ESTATE OF LATE SOUTH SEA MONARCH.

(By Associated Press.) HONOLULU, Nov. 12.—(Monday)—Hawaiian national guardsmen are in charge of the body of former Queen Liliuokalani, because of a threatened will contest. John F. Colburn, former manager of the Kapoli estate, demanded control of the body. He asserted the former monarch, in a will dated August 27, appointed him executor of the estate, making many changes in the disposition of the property. He said it was secretly signed.

Trustees of the estate incline to question the authenticity of the alleged will, pointing out that Liliuokalani was seriously ill at the time Colburn claims she signed the document.

Attorneys for Colburn said the alleged new will will have an important bearing on the suit of the Kalaniani'ale estate against Liliuokalani, which is now pending.

At a military conference it was decided that the funeral arrangements would be turned over to the Kalaniani'ale trustees.

LIBERTY BONDS HIT A NEW LOW RECORD

(By Associated Press.) NEW YORK, Nov. 13.—Ten thousand 4 per cent liberty Loan Bonds sold today at 99.50, a new low record.

CLING TO OLD CUSTOMS.

(By Associated Press.) PENDELTON, Ore., Nov. 13.—Although the United States government has long refused to recognize tribal relations on the Umatilla Indian reservation near here, the older members of the three tribes quartered there, the Walla Walla, Cayuse and Umatilla, cling to their tribal customs, still hold their councils and choose their chiefs. At the present time Amos Pond is chief of the Umatilla, Captain Sumpkin of the Cayuse and Jim Kanine of the Walla Walla.

AMERICANS HAVE NARROW ESCAPE WHEN SHELL EXPLODES MUNITIONS

Our Troops in the Front Line Trenches Are Getting Accustomed to the Constant Shrapnel Rain

(By Associated Press.) WITH THE AMERICAN ARMY IN FRANCE, Nov. 12.—(Monday)—So much shrapnel has fallen since the battalions of the second American contingent entered the trenches that the men have ceased to worry about it and are hardly paying more attention to it than to rain. to pierce the northern front and encircle the Italian left wing have failed.

The Berlin official communication asserts that on the Upper Piave 10,000 Italians have been cut off and forced to surrender, and also that the Teutonic allies have pressed southwestward from Belluno and now are standing before the town of Feltrina, which is on the west bank of the Piave. It is considered possible that the enemy may make an attempt to press southward from this region along the valley and the railroad.

On the battlefronts in France and Belgium comparative calm prevails, except for the usual artillery activity and raiding operations.

In Palestine the Turks, who have been pushed back on numerous sectors by the British forces under General Allenby, now are preparing defensive positions twenty miles southwest of Jerusalem, near Hebron. The British, however, are using their mounted troops, and again have made progress toward El Tine. Scottish infantry also has attacked the enemy's right flank successfully and captured a number of machine guns.

Gas masks are being worn by the American troops in the trenches in France as a result of the Germans using gas shells against them. Both the Americans and the Germans are using considerable quantities of shrapnel against opposing positions.

Italians Fight Desperately

(By Associated Press.) The Italians and the Austro-German armies are in battle array along the Piave river from the hilly region in the north to the Adriatic sea—the Italians on the western side and the enemy along the eastern bank.

The main army of the Austro-Hungarians and Germans has taken the place of the advanced guard which has been scattered along the stream for some days and already throughout the entire region the guns of both sides are engaged in duels.

The Italians are stoutly holding the line along the Piave and also in the region running westward through the hilly country from the vicinity of Feltrina to the Satta Comuni. Several attempts made by the enemy

to pierce the northern front and encircle the Italian left wing have failed.

CHARLES CHASE DIES OF INJURY

CHILDREN TO LEAVE IN MORNING FOR HOME OF RELATIVES IN KANSAS.

Charles Grant Chase, an employee of the West End Mining company's mill, died this morning at 11 o'clock in the miners' hospital. Last Friday, while working in the mill, he was caught in a belt and flung so that his shoulder blade was shattered and three ribs on the right side fractured. Pneumonia developed and he sank rapidly until his death.

He was a widower and is survived by three children. His daughter, Miss Fern, is president of the Christian Endeavor society of the Presbyterian church. The sons, Carl and Ralph, are pupils at the high school. The body will be shipped tomorrow to Severy, Kansas, where an uncle of the children, an attorney, makes his home. A brother of the deceased is a minister and lives in Baldwin, Kansas. The children will leave for Severy tomorrow.

Mr. Chase came to Tonopah a year ago from California, and was joined just two months ago by his children.

Judge Dunseath this afternoon conducted an inquest, the decision not having been arrived at when The Bonanza went to press.

CUT SECURITIES IS BANKER'S FIAT

FROWN ON UNNECESSARY ISSUES, PARTICULARLY MUNICIPAL AND STATE BONDS.

(By Associated Press.) BALTIMORE, Md., Nov. 13.—The investment bankers' association, which is in session here, decided to frown on every unnecessary issue of securities while war financing impedes.

The response came after an address on the conservation of capital by James F. Curtis, secretary of the federal reserve bank of New York. Mr. Curtis set forth the necessity of cutting off all securities not absolutely vital to the progress of the war, especially state and municipal issues.

The invitation which Mr. Curtis has given is one to join the "suicide club," said Lewis B. Franklin of New York, president of the association, "but, as he has aptly said, there are about a million and a quarter men in khaki who have joined the 'suicide club' for us. They are doing it with their life blood; we are only considering the profit."

SOCIALIST IS JAILED.

(By Associated Press.) HORIZON, Wis., Nov. 13.—Will Seidel, Milwaukee Socialist alderman, was arrested here last night, charged with "using language tending to provoke assault and breach of the peace."

Seidel is alleged to have severely attacked officials of the state and nation in a speech in a private home, after having been denied the use of the city hall and a lodge auditorium.

(By Associated Press.) NEW YORK, Nov. 13.—Col. Theodore Roosevelt has been elected an honorary fellow of the American Museum of Natural History. The honor conferred is the highest within the gift of the institution. It was bestowed, it was announced, because of Colonel Roosevelt's service in the cause of science. Until today the last man to win the honor was Sir Ernest Shackleton.

(By Associated Press.) PORT WORTH, Tex., Nov. 13.—Second Lieutenant R. L. Baker Reviews War Situation

(By Associated Press.) WASHINGTON, Nov. 13.—Secretary Baker's weekly review of military operations says: "Surveying the broader aspects of the European situation, we find the enemy in the east is confining his efforts to political propaganda. Along the Italian sector he has recently made desperate attempts to secure a decision by means of a politico-military drive. In the west, while attempting to sap the fighting strength of the belligerent people, the enemy has now been compelled to act on the defensive, and is being slowly but surely driven back."

TEUTONS DRAFT YOUNG WOMEN

GERMAN GOVERNMENT GIVES CONFIRMATION TO OFFERED CHARGES.

(By Associated Press.) WASHINGTON, Nov. 13.—Confirmation has been given by the German government itself to the often-denied reports current for the past year that young girls of Alsace-Lorraine have been carried away from their homes and forced to labor for the German army.

From Switzerland comes a cable report of the reply made by the German under secretary of war to a complaint of an Alsatian deputy in the reichstag against mistreatment of these young girls. The government's reply took the form of an official communique, which in substance stated that the army administration had taken measures to assure the girls requisitioned in Alsace-Lorraine and actively employed in work at the front the benefits of moral and religious supervision.

SEND 'XMAS BOXES FOR NAVY EARLY

REGULATIONS FOR MAILING PACKAGES TO FIGHTERS ISSUED BY U. S.

(By Associated Press.) WASHINGTON, Nov. 13.—Christmas packages for men serving on American war vessels abroad must reach New York not later than November 25, the navy department announces in issuing regulations to guide persons sending gifts to officers and men of the navy, both at home and in foreign waters.

Similar regulations apply to packages sent to members of the American expeditionary forces in France.

The regulations issued by the navy department follow:

"Packages forwarded by parcel post should be enclosed in substantial boxes with hinged or screw top cover to facilitate opening and inspecting.

"All boxes shipped by express are limited to 20 pounds in weight, should measure not more than two cubic feet in volume, be of wood, well strapped and have a hinged or screw top to facilitate opening and inspecting.

"No perishable food product other than those enclosed in cans or glass jars should be packed in parcel post or express shipments.

"All packages must be plainly marked with the name and address of the sender, together with a notation indicating the nature of the contents, such as 'Christmas box' or 'Christmas present.'

"The supply officer at New York will cause each express package to be opened and carefully examined to see that nothing of an explosive or other dangerous character is forwarded."

PETROGRAD WIRE SAYS REBELS WIN

MANY CONFLICTING REPORTS FROM RUSSIA; VICTORY FOR LENINE CLAIMED

(By Associated Press.) LONDON, Nov. 13.—A RUSSIAN WIRELESS RECEIVED HERE ANNOUNCES THE COMPLETE DEFEAT OF KERENSKY AND KORNILOFF.

(By Associated Press.) PETROGRAD, Nov. 12.—(Monday)—Military cadets seized the central telephone office by presenting forged credentials to the Bolshevik guards from the Lenin government. Miss Beale Beatty, San Francisco newspaper woman, and another American spent Sunday with the cadets, who defended the building but finally surrendered one by one.

(By Associated Press.) COPENHAGEN, Nov. 13.—Kerensky's troops are in control in Petrograd, especially the Nevsky prospect, according to Stockholm advice. It is reported the Bolsheviks have taken refuge in the Smolny institute.

(By Associated Press.) STOCKHOLM, Nov. 13.—Korniloff has entered Petrograd, where the entire garrison, except the sailors, went over to him, according to a Petrograd dispatch Monday.

(By Associated Press.) LONDON, Nov. 13.—A Copenhagen dispatch says travelers arriving in Haharanda, Sweden, from Russia confirm reports that Kerensky gained a complete victory over the Bolsheviks. It is said Kerensky, Korniloff and General Kaledines have formed a triumvirate. It is also reported that Lenin has been captured.

The authenticity of the reports of a sweeping Kerensky victory in Petrograd is very doubtful. No such developments have been reported in dispatches filed at Petrograd as late as 7 o'clock last night.

(By Associated Press.) PETROGRAD, Sept. 12.—(Monday)—Petrograd was still in the hands of the Bolsheviks today, after desperate battles Sunday, in which a handful of brave military cadets were killed or captured after inflicting considerable losses on the Bolsheviks.

(By Associated Press.) LONDON, Nov. 13.—A Daily Mail dispatch dated Sunday noon denied the report that loyal troops occupied the Smolny institute, headquarters of the Bolsheviks. It was said the place was being prepared to withstand a siege.

LONDON, Nov. 13.—A Russian wireless says: "Kerensky is retiring and we are taking the offensive. The soldiers, sailors and workmen of Petrograd know how to impose and will impose, with arms in their hands, the will and power of the democracy."
